

Electrical Engineering: Live Virtual Camp 6/28-7/2/2021, 1-2:15PM

Electrical Engineering Kit INCLUDED! Create electric circuits, make LED lights blink and much more in this Live! Virtual Camp for young engineers! Learn to work with Arduino, one of the most popular circuit boards today, to program anything from lights and motors, to sensors and more. Perfect for Ages 10-15. GREAT NEWS: Your very own Electrical Engineering Student Kit, complete with breadboard, arduino circuit board, wires, capacitors, resistors, LEDs and more, is included with your camp tuition! It will be shipped to you upon registration, so make sure to allow enough time for us to get this value-packed resource to you before the camp starts. Enjoy and explore electric circuits well beyond this camp and share projects with family and friends! The Control Software for Arduino can be downloaded at <https://www.mblock.cc/en-us/download> for free. Get a Sneak Preview of this camp here: <https://youtu.be/bND4cE7IZG4>
